ANDY, O. J. See Nelson, S. R., 53
Aneurysm, carotid, experimental use of intraluminal plastics for, 136
Aneurysm, intracranial
  arteriovenous, regional cerebral blood flow in, 1
  as cause of subdural hematoma of posterior fossa, 86
  contralateral to previous common carotid ligation, treatment, 182
  electrically induced thrombosis in, 539
  electron microscopy of, 554
  giant, of middle cerebral artery, 177
  of anterior communicating artery, unilateral anterior cerebral circulation in, 40
  ruptured, role of arterial spasm, 21
  saccular, autopsy study, 155
  scanning with positron-emitting radioisotopes in, 489
  tolerance of occlusion of carotid artery, 241
Aneurysmal bone cyst, 172
Angiography
  cerebral, retropharyngeal hemorrhage with respiratory obstruction after, 610
  cerebral, unilateral anterior cerebral circulation, 40
  cross-filling correlated with tolerance of carotid occlusion, 241
  in diagnosis of cranial and intracranial hydatidosis, 425
  intracerebral, aspects of lateral extensions of sphenoidal sinus, 326
  vertebral, of cerebellar hemangioblastoma, 35
Angioma, arteriovenous, from anterior inferior cerebellar artery, 612
Anomalies, craniospinal, in four siblings, 380
Apparatus, ultrasonic encephalograph, evaluation of, 437
ARONOW, S. See Ojemann, R. G., 489
Arsenic-74, scanning with, 489
AUSTIN, G. See Kamm, R. F., 576
Autopsy study of saccular intracranial aneurysms, 155

BARNETT, H. J. M. See Lougheed, W. M., 607
BARONE, B. M. See Elvidge, A. R., 382

BERTRAND, G. See Hansebout, R. R., 374
——, BLUNDELL, J., and MUSELLA, R. Electrical exploration of the internal capsule and neighbouring structures during stereotaxic procedures, 333
Bladder spasms, electrocoagulation for, 352
Blood plasma, increased osmotic pressure of, effects on cerebrospinal-fluid pressure, 563
Blood pressure
  intracarotid arterial, reduction, tolerance of carotid occlusion in, 241
  postural ophthalmodynamometry in surgery for occlusive aortocranial disease, 30
Blood vessels: See also Aneurysm; Hemorrhage
  anterior inferior cerebellar artery, angioma from, 612
  arterial spasm, role in ruptured intracranial aneurysms, 21
  arteriovenous fistula of vertebral vessels in neck, 77
  arteriovenous malformation, scanning with positron-emitting radioisotopes in, 489
  carotid-cavernous fistula, muscle embolization for, 387
  carotid occlusion, tolerance to, 241
  common carotid ligation, treatment of intracranial aneurysm contralateral to, 182
  internal carotid, middle and anterior cerebral arteries, embolectomy of, 607
  intracranial and small, clip for surgery of, 397
  occlusive aortocranial disease, postural ophthalmodynamometry in, 30
  red cerebral veins, 315
  regional cerebral blood flow in intracranial arteriovenous aneurysms, 1
  small vascular malformations causing intracerebral hemorrhage, 7
  unilateral anterior cerebral circulation with aneurysms of anterior communicating artery 40
BLUNDELL, J. See Bertrand, G., 333
Bone cyst, aneurysmal, 172
